

Let's advance the way we work together to build a better world...

Dear VinZero Partner,

We are pleased to share with you the news that the VinZero Group of companies has been acquired by ARKANCE – a subsidiary of Monnoyeur Group, Paris, France. VinZero has chosen to join forces with ARKANCE through this acquisition as we share a vision to add value to our customers, not just to our footprint. To think global yet act local.

As a combined entity we can achieve a true global footprint that supports our customers and partners. We can leverage expertise across the total group to develop a consulting and solution stack that resolves the issues dominating our industry. We have a passion to unify, get better, and grow together with our customers, and partners.

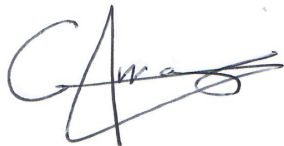

“As a result of this acquisition, we now have an unparalleled global services platform led by a team of experts who have ambitious plans for the industry”

We can develop a more advanced solutions model with our partners to deliver a more appealing, richer set of approaches and experiences for our customers in new ways. Expanding integration and customization services to embed our partners into our customers ecosystems, to increase loyalty and enrich project outcomes. Leveraging our global coverage to deliver an unparalleled service and support experience for our partners and customers.

“A global services platform that is unmatched.”

Our vision is to advance the way we work with both customers and partners. Embedding solutions that make it easier for industry to build smarter. Whether it is to achieve net zero, optimize time management, improve efficiency, or increase profitability. We are dedicated to partnering with our customers to help them win economically and responsibly. This ambition will continue to be delivered through our Partner to Build Smarter strategy.

As we embark on this new journey, we have more opportunity than ever before to support our customers on their digital transformation through increased collaboration with our partner network. So let's advance the way we work together to build a better world.

Gregoire Arranz
CEO ARKANCE

Paul Laycock
CEO VinZero
